If you volunteer inside correctional institutions...

if you'd like to volunteer inside correctional institutions, or...

if you'd simply like to hear some good sharing, do some sober fellowshiping, and eat some tasty pizza, then please come join us.

We'd like to celebrate the work being done inside corrections facilities in our district, area and state.

And, we'd like to share the joy and gratitude we get from being of service in this arena.

"Had it not been for A.A in prison, with the honest and sincere help the outside groups gave our inmate group, I would still be behind bars."
